Your Name Can Live On Forever!

# Your Name Can Live On Forever!

How would you like to leave a legacy in your community that future family and friends will look upon with pride? For a small investment your name will be etched on the **Wall of Honor** at the new Grosse Pointe South natatorium.

Set high above the pool deck, strategically located at the heart of the spectators' mezzanine area, the Friends of the Pool **Wall of Honor** will list those who went the extra distance to make this natatorium a state-of-art facility. Crafted of the finest materials, the **Wall of Honor** will show all of your contribution to benefit the community you love, a contribution that will live in perpetuity.

## Who can be part of the Wall of Honor:

It is an ideal place for a parent to leave their children's names for generations to come. It is a chance for a child to thank a parent for all they've done by including their legacy. There may be sweeter ways to let grandparents know you love them, but few other gifts will last longer. And for companies doing business in the Grosse Pointes, this is an unequalled way to show support to those who support you each and every day.

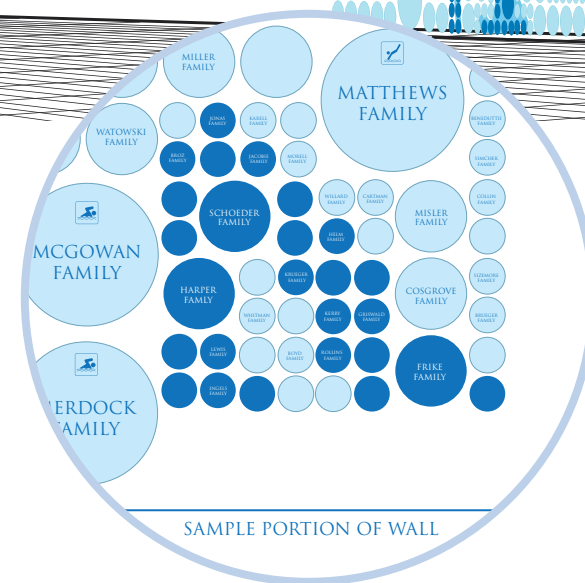

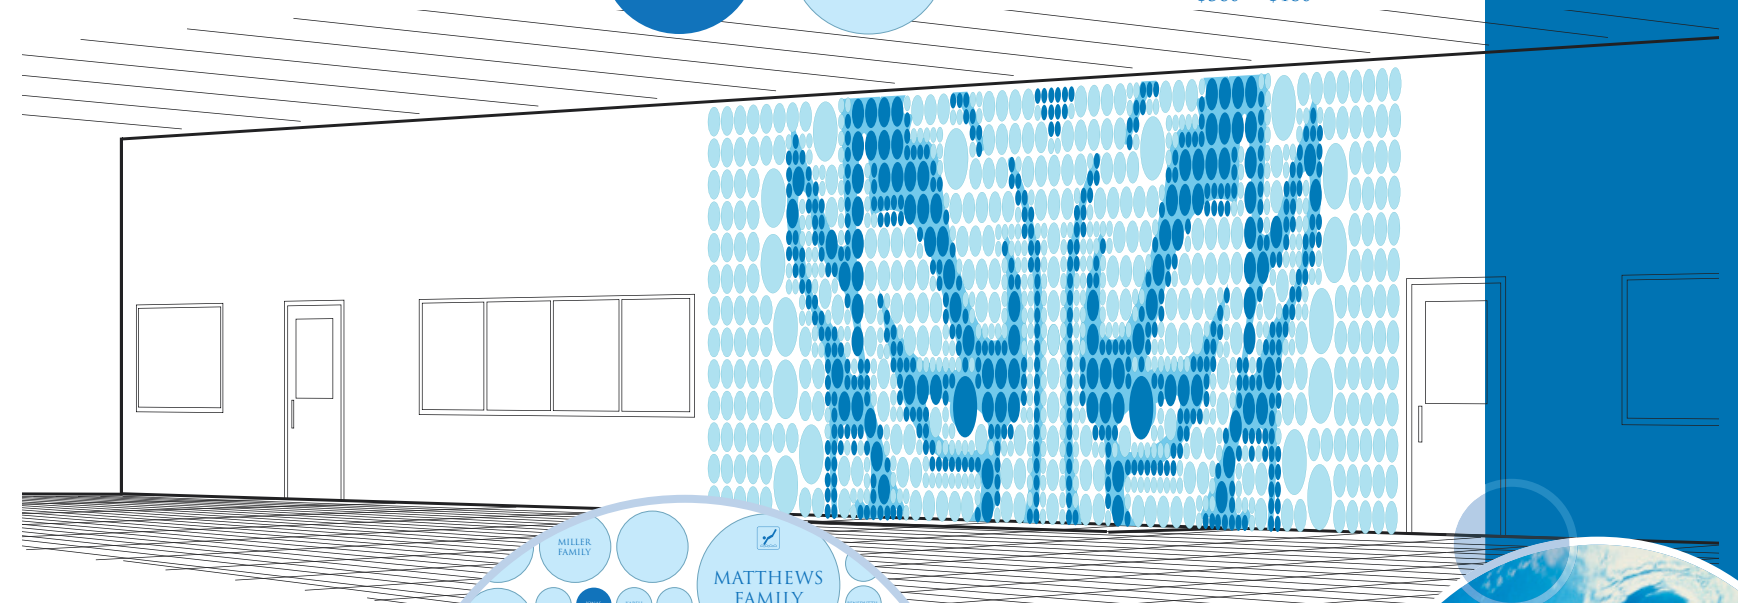

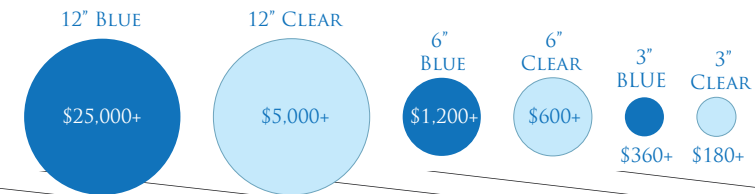

Not only can those in the GP swim community—past class swim team mates, former high-school champions, synchronized swim teams and Lakefront Swim Association members—be recognized forever, so too can anyone who wants to do something right for the area.

Here is another benefit to giving: All gifts go to the 501c3 tax deductible Grosse Pointe School System's Fund for Excellence (please write "Pool" in your check's memo field!). Consult your accountant to determine tax benefits you might derive.

While there are multiple levels of giving *any and all gifts are accepted and appreciated*. And for an investment of just \$180—which can be paid over three years—your name will appear on the **Wall of Honor**.
